SUBJECT INDEX, VOLUME 11

N-Acetyl-(S)-thiazolidine-4-carboxylic acid, synthesis of, 1773
Acid melting of DNA, 2033
Acridine dyes, 2537
Acridines, 2389
Actinomycin, conformational studies of, 279
Actinomycin D, CD in presence of *gem*-diols, 1173
"Active monomer" polymerization, 67
Adenine, thermodynamics from solubility measurements, 1961
Agarose, gelation studies, 409
Albumin, serum, salt binding to, 2197
Amides, 2063
Amylodextrin, Naegeli, 2241
Amyloid fibrils, human, 1103
Amylose
  CD and ORD studies, 303
  hydrogen bonding in, 315
Amylose-DMSO complex, 849, 2591
Amylose-iodine reaction, rate studies on, 475
Anisotropic light scattering studies, 881

Base pairing, in 5S RNA, *E. coli*, 1031
δ-benzyl-L-aminoadipate NCA, 68
Birefringence studies
  of acridine orange and methylene blue, 645
  of monomeric and acid-soluble collagens, 1365
  of poly-L-glutamic acid, 1711
Bovine fibrinogen, viscosity measurements on, 1989
Buoyant-density gradient, of DNA, 1765

Carbohydrates, 829
Carboxymethylcellulose, 137
Cation binding sites of t-RNA, 1317
Cellulose
  acetates, 251
  crystallites, 893
Charge-induced coil to α-helix transition, 529
Chymotrypsinogen A, Raman scattering studies, 2405
Circular dichroism,
  of acridine orange-sodium desoxycholate complexes, 1521
  of actinomycin D with germ-diols, 1149
  of aromatic polypeptides, 1149
  of benzoyl polysaccharides, 1997
  of dinucleoside phosphates, 225, 1091
  of DNA, 761
Circular dichroism studies
  of DNA-2,7-di-Bu proflavine, 2415
  of DNA-substituted acridines, 2389
  of extended polypeptides, 2309
  of histones fV, 380
  of histone F1 complexes with DNA, 2317
  of natural DNA, 853
  of modified poly A·poly U, 131
  of oligopeptides, 1919
  of poly(Ala), 1001
  of poly dAT, 761
  of polypeptides and proteins, 1041
  of 7-(β-D-Ribofuranosyl) purines, 1181
  of tRNA-acrydine orange complex, 1583
  of saccharide derivatives, 271, 303
  of synthetic polynucleotides, 853
  of synthetic ribonucleic acids, 1235
Collagen
  birefringence studies, 1365
  dynamic-mechanical studies, 2015
  electron microscopy, 1365
  linear relaxation analysis of mechano-chem. transformation, 899
  rheo-optical studies, 2015
Collagenase, 1607
Conformational-energy calculations
  of DL-acetylamino-n-butyric acid N-methylamide, 105
  of DL-acetylleucine N-methylamide, 105
  of actinomycin, 271, 279
  of interactions of polynucleotides, 1541
  of side groups in carbohydrates, 829
Conformational studies
  of acidic polysaccharides, 2625
  of acridine orange-sodium desoxycholate complexes, 1521
  of actinomycin, 271

INTERSCIENCE PUBLISHERS

a division of John Wiley & Sons, Inc.

copyright © by John Wiley & Sons, Inc.

Statement of ownership, management, and circulation (Act of August 12, 1970; Section 3685, Title 39, United States Code)

1. Date of filing: October 1, 1972.

2. Title of Publication: Biopolymers

3. Frequency of issue: monthly

4. Location of known office of publication: John Wiley and Sons, Inc., 605 Third Avenue, New York, New York 10016

5. Location of headquarters of general business offices of publisher: John Wiley and Sons, Inc., 605 Third Avenue, New York, New York 10016

6. The names and addresses of publisher, and managing editor:
Publisher: John Wiley & Sons, Inc., 605 Third Avenue, New York, New York 10016
Editor: Murray Goodman, Department of Chemistry, University of California, San Diego, La Jolla, California 92037
Managing Editor: None

7. Owner: John Wiley & Sons, Inc., 605 Third Avenue. New York, New York 10016
The following is a list of stockholders owning or holding 1% or more of John Wiley & Sons, Inc. stock as of September 24, 1972:
Cynthia W. Darby, Box 651, Bridgehampton, New York 11932; John P. Gilbert, exec. of estate of Julia Wiley Gilbert, c/o Wells Fargo Bank Trust Division 37165, P.O. Box 3820, San Francisco, California 94120; Edward P. Hamilton, 605 Third Avenue, New York, New York 10016; W. Bradford Wiley & Francis Lobdell, Trustees, Elizabeth W. Hamilton Trust, 605 Third Avenue, New York, New York 10016; Edward F. Hamilton, Trustee under will of Elizabeth Wiley Hamilton, c/o Gifford, Woody, Carter & Hays, 1 Wall Street, New York, New York 10005; I. M. Kolthoff, University of Minnesota, School of Chemistry, Minneapolis, Minnesota; Eric S. Proskauer & Charles H. Lieb, Trustees, u/a by Jenny R. Proskauer, 220 Central Park South, New York. New York 10019; Francis Lobdell & William J. Seawright, Trustees, f/b/o Deborah Elizabeth Wiley, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, New York; Cynthia W. Darby & Julia Gilbert, Trustees, under will of Kate R. Q. Wiley, c/o Gifford, Woody, Carter & Hays, 1 Wall Street, New York, New York; Francis Lobdell & William J. Seawright, Trustees, f/b/o Peter Booth Wiley, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, New York; Francis Lobdell & William J. Seawright, Trustees, f/b/o William Bradford Wiley II, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, New York; Edward P. Hamilton, & Cynthia Wiley Darby, Trustees, under will of William O. Wiley, c/o Gifford, Woody, Carter & Hays, 1 Wall Street, New York, New York; Adele E. Windheim, 8 Dundee Road, Larchmont, New York; Cede & Company, Stock Clearing Corporation, 44 Broad Street, New York, New York; Cudd & Company, 1 Chase Manhattan Plaza, New York, New York; Dif & Company, P.O. Box 1447, 135 Devonshire Street, Boston, Massachusetts; W. Bradford Wiley & E. P. Hamilton, Trustees for Edward P. Hamilton Foundation, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, New York; Palico, c/o Riggs National Trust Department, Washington, D. C.; Salkeld & Company, c/o Bankers Trust, P.O. Box 704, Church Street Station, New York, New York; Sigler & Company, c/o Manufacturers Hanover Trust Company, New York, New York 10015; Trussal & Company, National Bank of Detroit, c/o Trust Department, Detroit, Michigan; Lane & Company, Southern California First National Bank, c/o Trust Department, San Diego, California 92112; Pitt & Company, P.O. Box 2444, Church Street Station, New York, New York

8. Known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities: None

9. For optional completion by publishers mailing at the regular rates (Section 132.121, Postal Service Manual): 39 U. S. C. 3626 provides in pertinent part: "No person who would have been entitled to mail matter under former section 4359 of this title shall mail such matter at the rates provided under this subsection unless he files annually with the Postal Service a written request for permission to mail matter at such rates." In accordance with the provisions of this statue, I hereby request permission to mail the publication named in Item 1 at the reduced postage rates presently authorized by 39 U. S. C. 3626.
(*Signature of editor, publisher, business manager, or owner*)

Michael Harris
Vice-President

10. Extent and Nature of Circulation

	Average no. copies each issue during preceding 12 months	Single issue nearest to filing date
A. Total No. Copies Printed (*Net Press Run*)	1600	1600
B. Paid Circulation		
1. Sales through Dealers and Carriers, Street Vendors and Contour Sales	...	...
2. Mail Subscriptions	1196	1196
C. Total Paid Circulation	1196	1196
D Free Distribution (*Including Samples*) by Mail, Carrier or Other Means		
1. Samples, complimentary, and other free copies	50	50
2. Copies distributed to News agents, but not sold	...	...
E. Total Distribution (*Sum of C and D*)	1246	1246
F. Office Use, Left-over, Unaccounted, Spoiled after Printing	354	354
G. Total (*Sum of E & F—Should Equal New Press Run Shown in P*)	1600	1600

I certify that the statements made by me (*Signature of editor, publisher, business manager, or owner*) above are correct and complete.

Michael Harris
Publisher

Biopolymers
